The Action, including its components such as the Open Call and Hackathon Submissions, is implemented by Verhaert New Products & Services NV and SpaceTec Partners SRL ("us", "we", "our", or the "Organisers") on behalf and under contract with the European Commission (EC) and the European Union Agency for the Space Programme (EUSPA).

Your application for, access to, participation or involvement in the Action is conditioned on your acceptance of and compliance with these Terms. These Terms apply to all visitors, applicants and others who seek to participate or already participate in the CASSINI Hackathons, who attend the Hackathon Events, or who access or use the Platforms, and to all applicants, participants, local organisers, and jury members of the Action. You confirm that you are of legal adult age (18 years or older), and you are legally capable of entering into binding contracts.

By applying for, accessing, or participating in the Action, or by accepting the invitation to be part of the Action's local organisation, or Hackathon Submissions jury, you agree to be bound by these Terms. If you disagree with any part of the Terms, then you may not apply for or participate in the Action, nor become part of the local organisers or Hackathon Submission jury.

The dates for the seventh and eight CASSINI Hackathon stated in this document are tentative and can be subject to change due to decisions of the European Commission or the European Union Agency for the Space Programme.

1 Introduction

1.1 Objectives

The CASSINI Hackathons & Mentoring is the first action in the implementation of CASSINI, the European Commission's new initiative to support innovative entrepreneurs, start-ups, and SMEs in the space industry, including New Space, during 2021-2027.

The Action consists of multiple hackathons (the "CASSINI Hackathon", or "CASSINI Hackathons") and a mentoring programme (the "Mentoring Programme"). Each CASSINI Hackathon features several Hackathon Events, such as the inspiration event (the "Big Ideas Campaign"), dedicated online training sessions (such as webinars), a

hackathon taking place in a weekend (the “Hackathon Weekend”), and the award ceremony (the “Demo Day”). Each edition of the CASSINI Hackathons is taking place simultaneously in up to ten (10) different locations.

1.2 Contracting party

The contracting parties in these Terms are Verhaert New Products & Services NV, with its registered address at Hogenakkerhoekstraat 21, 9150 Kruibeke, Belgium, and SpaceTec Partners SPRL, with its registered address at Avenue Louise 89, 1050 Brussels, Belgium.

1.3 Local organiser

The implementation of the Action is supported by subcontractors of the Organisers (the “Local Organisers”), which ensure the local implementation of the CASSINI Hackathons in up to ten different locations for each CASSINI Hackathon edition.

1.4 Hacker

The Hackers (the “Hacker”, or “Hackers”) are individuals who have registered to participate in the Action. Each participating Hacker is eventually part of a team (the “Hacker Team” or “Hacker Teams”). Each Hacker can only be part of one Hacker Team. Each Hacker Team is represented by a leader (the “Team Leader”, or “Team Leaders”). The Team Leader is the formal and sole contact point with the Local Organisers concerning the Hackathon Submissions and any prize, benefit or recognition that may result from the Hackathon Submission. Any planned or unplanned changes to the team composition of a Hacker Team are to be announced to the Local Organisers by the Team Leader without undue delay. Changes to the team composition of a Hacker Team can allow for merged teams, split teams, or additional teams, as communicated to the Local Organisers by the original Team Leader and after the Local Organisers approval. Additional or split teams appoint new Team Leaders.

1.5 Hackathon Submissions jury

The jury (the “Jury”, “Jury Member”, or “Jury Members”) are the individuals who support the Local Organisers, the Organisers and the European Commission and EUSPA to select the Hackers eligible for prizes, if any, during the Hackathon Weekend or for participation in the Mentoring Programme during the Demo Day.

1.6 Content

Our Platforms allow you to post, link, store, share and otherwise make available certain information, text, graphics, videos, or other material (the “Content”). You are responsible for the Content that you post to the Platforms, including its legality, reliability, and appropriateness.

You retain any and all of your rights to any Content you submit, post or display on or through the Platforms and you are responsible for protecting those rights. You agree that this license includes the right for us to make your Content available to other users of the Platforms, who may also use your Content subject to these Terms.

You represent and warrant that:

- The Content is yours (you own it) or you have the right to use it and grant us the rights and license as provided in these Terms; and
- The posting of your Content on or through the Platforms does not violate the privacy rights, publicity rights, copyrights, contract rights or any other rights of any person.

Further, you warrant that:

- The Content will not cause you or us to breach any law, regulation, rule, code or other legal obligation;
- The Content will not or could not be reasonably considered to be obscene, inappropriate, defamatory, disparaging, indecent, seditious, offensive, pornographic, threatening, abusive, liable to incite racial hatred, discriminatory, blasphemous, in breach of confidence or in breach of privacy;
- The Content will not be unsolicited, undisclosed or unauthorised advertising;
- The Content does not contain software viruses or any other computer code, files, or programs designed to interrupt, destroy, or limit the functionality of any computer software, hardware or telecommunications equipment; and
- The Content does not bring us or the Platforms into disrepute.

You agree to keep all records necessary to establish that your Content does not violate any of the requirements this clause and make such records available upon our reasonable request. We are under no obligation to regularly monitor the accuracy or reliability of your Content incorporated into the Platforms. We reserve the right to modify or remove any Content at any time.

1.7 Code of Conduct

Any activities promoting or related to alcohol, tobacco, religion, politics, intolerance, violence, firearms, pornography, obscenity, gambling, or illegal drugs are explicitly excluded from participation to the Action.

We are dedicated to providing a harassment-free experience for everyone, regardless of race, creed, colour, ethnicity, nationality, religion, sex, sexual orientation, gender expression, age, physical appearance, body size, disability, or marital status. We do not tolerate harassment of hackathon participants in any form.

Sexual language and imagery are not appropriate for any hackathon venue, including hacks, talks, workshops, parties, social media, and other online media.

Any Hacker, Hacker Team, Local Organiser, or Jury Member violating these rules may be sanctioned or expelled from the Action at the discretion of the Organisers.

2 Participation as a Hacker

2.1 Open Call

2.1.1 Objective of the Open Call

The Open Call is a registration period to mark the intention to participate in the Action as a Hacker. The Open Call for the seventh and eighth Hackathon will open an entry period for registrations from 1 July 2024 to 5 September 2024 and from 23 September 2024 to 14 November 2024 before the start of the Hackathon Weekend respectively. Late registrations during the Hackathon Weekend may be accepted at the discretion of the Local Organisers.

To begin participation in the Open Call, the creation of a user account is required. When creating a user account, we will require you to share personal data such as your name and e-mail for the purposes of contacting you to validate your information and regarding your participation in the Open Call. You will be required to read and accept these Terms & Conditions and Privacy Policy before registering as a Hacker.

2.1.2 Personal data shared through your Open Call registration

The personal data that you share during user registration will not be shared with any parties other than the Organisers, the Local Organisers, the Jury Members, the Mentors, and the European Commission and EUSPA, solely for the purposes of executing the CASSINI Hackathons. Explicit consent for any other uses of your personal data is requested during the registration process.

2.2 Right of participation

Only natural persons of legal adult age (18 years or older) are allowed to participate in the Action as a Hacker. Participation in the Action is accepted on the condition of compliance with the eligibility criteria to participate, namely, the person must reside either in the European Union (any country) or in a non-EU country associated with Horizon Europe (or in ongoing negotiations for an association agreement where the agreement applies before the award) where the hackathon is taking place for the whole duration of the Action. The action welcomes all participants and shall not discriminate on the basis of race, creed, colour, ethnicity, nationality, religion, sex, sexual orientation, gender expression, age, physical appearance, body size, disability, or marital status.

Participation of a Hacker in the Hackathon Weekend is accepted on the condition of compliance with the following additional eligibility criteria, namely:

- Hackers must be part of a single Hacker Team to take part in the Hackathon Weekend;
- The choice of which Hacker Team each Hacker belongs to must be communicated to the Local Organisers by each Hacker via the Hacking Platform, the latest at the start of the Hackathon Weekend;
- Each Hacker Team must have appointed a Team Leader;
- The Team Leader must confirm the final team composition of the Hacker Team to the Local Organisers, the latest at the start of the Hackathon Weekend;
- Hacker Teams must have at least three (3) Hackers, and can go up to a maximum of eight (8) Hackers;
- Hacker Teams must consist of at least one (1) person with a technical profile and one (1) with a business profile;
- Hacker Teams must have an idea to work on, the latest at the start of the Hackathon Weekend; and
- Intended use of EU Space data and signals in the Hacker Team's Hackathon Submission.

2.3 Conditions of participation

2.3.1 Intentions and commitments from Hackers

Hackers who are given the opportunity to join the Action as a Hacker receive a unique opportunity to benefit from the Action. Upon participation in the Action, Hackers agree to do this to their best intentions and commitments, which include:

- Participation in the relevant Hackathon Events;
- Timely completion of required documents for participation;
- Active participation and contribution to the Hacker Team during the entire Hackathon Weekend;
- Inform the Local Organisers of any changes to the Hacker Team (see section 1.4); and
- Inform the Local Organisers when your participation in the Action becomes void, for example, if you stop pursuing the idea formulated in the Hacker Platform or discontinue your membership in a Hacker Team.

Any failure to deliver the minimal above commitments is a breach of your participation as a Hacker and may result in a termination of your participation in the Action.

2.3.2 Hackathon Weekend rules

Hackers and Hacker Teams commit to the following rules during the Hackathon Weekend:

- No development may start before the actual date and time of the hackathon event. Teams that violate this rule will be automatically disqualified. Please do not begin hacking before Friday 13 September 2024 at 19:00 CET for the seventh Hackathon and before Friday 22 November 2024 at 19:00 CET for the eighth Hackathon;
- To ensure a level field for all contestants, all code must be created by the team, during the Hackathon Weekend. You are permitted to use publicly available or openly licensed APIs, SDKs, frameworks and other software libraries for your project; and
- Any software development tools and/or programming language can be used.

Any failure to adhere to the above rules is a breach of your participation as a Hacker or Hacker Team and may result in a termination of your or your Hacker Team's participation to the Action.

2.3.3 Cost reimbursement

The Organisers will not reimburse any costs the Hackers incur as part of their participation in the Action.

2.4 Selection at the Hackathon Weekend

2.4.1 Submission process

The selection process of the winners of the local Hackathon Weekend is executed exclusively in English via the Hackathon Platform. For the Action, each location in the CASSINI Hackathons will select one (1) Hacker Team that is invited to participate in the Demo Day. Local Organisers and their partners or sponsors may grant additional prizes at their own discretion. The application to be submitted for the Hackathon Submission during the Hackathon Weekend consists of two parts:

- Each Hacker Team is required to submit a single completed project page on the Hacking Platform containing the following:
 - A short summary of the project;
 - All team members with brief biographies and their roles in the team;
 - Optionally, a link to a video or screen capture of the prototype;
 - Link with the theme and one of the challenges;
 - EU Space data, information, services and signals used;
 - Any APIs, SDKs, frameworks or other software libraries used in the project;
 - Any unique hardware used in the project; and
 - Optionally, a link to the GitHub repository with the open-source code.

Only upon completion of all required fields your application is considered complete. The submission deadline is 9 May 2025 at 14:30 CET for the ninth Hackathon and 7 November 2025 for the tenth Hackathon. You are encouraged to submit your application before the deadline in case IT issues arise. Each Hacker Team can submit only one Hackathon Submission.

Hackathon Submissions that have not been submitted, or Hackathon Submissions submitted past the abovementioned deadline, are not eligible for evaluation and will under no circumstances be reviewed by the Jury. Following the application deadline, eligible submissions will be reviewed by the Jury.

The final decision on the selection is made by the European Commission and EUSPA and shall not be subject to dispute in a court of law. These decisions shall be final and binding for all Hackers and Hacker Teams in the Action.

Hacker shall have no right to justification for the decisions made by the European Commission and EUSPA or the Jury Members of any selection procedure.

2.4.2 Judging criteria

All submissions will be evaluated and scored by the Jury on three criteria:

- Relevance to the hackathon theme and challenges (1/3 weighting in scoring);
- Innovativeness and value created for future users and customers (1/3 weighting in scoring); and
- Quality of the team, including technical expertise, business expertise, understanding of the thematic area, commitment to the project and ability to pitch it (1/3 weighting in scoring).

2.4.3 The Hackathon Submissions Jury

The Jury Members are carefully selected to represent a qualified group of judges with relevant and varying expertise. Each Jury Member is bound by a non-disclosure and confidentiality clause (see Section 3.6) before reviewing the Hackathon Submissions, confirming that they will not share any of the information contained in your Hackathon Submission that is not publicly available on the Hackathon Platform with anyone other than the other Jury Members, the Local Organisers, the Organisers or the European Commission and EUSPA.

2.5 Selection at the Demo Day

2.5.1 Submission process

The selection process of the winners of the overall CASSINI Hackathon edition is executed exclusively in English via live pitching by the Hacker Team at the Demo Day. For the Action, the Jury at the Demo Day will select three (3) Hacker Teams that are invited to participate in the Mentoring Programme. Additional prizes or winners may be awarded at the discretion of the Organisers, the European Commission and EUSPA, or their partners or sponsors.

The final decision on the selection is made by the European Commission and EUSPA and shall not be subject to dispute in a court of law. These decisions shall be final and binding for all Hackers and Hacker Teams in the Action. Hacker shall have no right to justification for the decisions made by the European Commission and EUSPA or the Jury Members of any selection procedure.

2.5.2 Judging criteria

All submissions will be evaluated and scored by the Jury on three criteria:

- Relevance to the hackathon theme and challenges (1/3 weighting in scoring);
- Innovativeness and value created for future users and customers (1/3 weighting in scoring); and
- Quality of the team, including technical expertise, business expertise, understanding of the thematic area, commitment to the project and ability to pitch it (1/3 weighting in scoring).

2.5.3 The Hackathon Submissions Jury

The Jury Members are carefully selected to represent a qualified group of judges with relevant and varying expertise. Each Jury Member is bound by a non-disclosure and confidentiality clause (see Section 3.6) before reviewing the Hackathon Submissions, confirming that they will not share any of the information contained in your Hackathon Submission that is not publicly available on the Hackathon Platform with anyone other than the other Jury Members, the Local Organisers, the Organisers or the European Commission and EUSPA.

2.6 Mentoring Programme

The three (3) selected Hacker Teams of the Demo Day will be given access to the Mentoring Programme during six (6) months. Together with a lead mentor appointed by the Organisers, Hackers can review the Mentor profiles, and select their preferred Mentors, based on their mentoring needs. The Organisers cannot guarantee that Hackers will be given the opportunity to receive mentoring from their preferred Mentors, due to the limited availability of some Mentors. The Organisers nevertheless intend to facilitate an optimal allocation of mentoring relations. In total, the selected Hacker Teams can receive up to one hundred (100) mentoring hours from the lead mentor and the Mentors.

2.7 Personal data shared through your participation in the Action

Your personal data including but not limited to residency, e-mail addresses, and phone numbers, which you share during your participation in the Action will not be shared with any parties other than the Organisers, the Local Organisers, the European Commission and EUSPA, the Jury, your Mentor, the Platforms, and the event organisers or security teams of the events where the Hackathon Events take place.

With your participation in the Action as a Hacker, you agree to the use of your personal data for the following purposes:

- **Promotion & Communication:** the Action is funded by the European Commission and EUSPA. In its objectives to support start-ups using the EU Space programmes, a comprehensive communication campaign is essential. The Action's and its overarching CASSINI initiative's communication tools, such as the Website, newsletter and social media, are used as multipliers for the visibility of participants, contributing to their business potential. The Action may use your Hacker Team name and a description of your start-up or technical/business idea for such public promotion and communication purposes. For use of your personal data in this context, you provide your consent as part of your registration;
- **Hackathon Events:** for a smooth organisation of the events, which may be subject to security measures, we may invite you to share and use personal data, such as your travel schedules, first and last name, birth date, nationality, passport or ID-card number, dietary preferences. These data will be shared with the Platforms, event venues and local security teams and will only be used for the organisation of the events;
- **Mentorship:** to ensure a good interaction with your Mentor, we will provide him/her with your first and last name, company name, e-mail address and phone number. These data will only be used for mentorship purposes; and
- **Essential notifications:** to administer your participation in the Action, the Organisers or Local Organisers send notifications to the e-mail addresses of the Hackers in the Action. As an alumni to the Action, your subscription to these notifications will survive your participation to the Action, but can be ceased any time by clicking on the respective link in the bottom of the notification, or by writing us a message at hello@hackathons.cassini.eu.

3 Termination

We may terminate your participation in the Action in written (by letter or e-mail) without limitation if you breach these Terms & Conditions. This termination will take effect immediately after such termination letter or e-mail has been sent, with the date indicated on post or time stamps as legal basis. Upon termination, your right to benefit from the Action will immediately cease.

If you wish to terminate your participation in the Action, you may do so in written (by letter or e-mail). This termination will take effect immediately after such termination letter or e-mail has been sent.

All provisions of the Terms & Conditions which by their nature should survive termination shall survive termination, including, without limitation, ownership provisions, warranty disclaimers, indemnity, limitations of liability and Non-Disclosure Agreements.
